PROFESSIONAL SUMMARY

Driven by a deep passion for robotics and inspired by my achievements, I am pursuing advanced studies in robotics to contribute meaningfully to research and innovation. My goal is to pursue advance research and high education in Mechatronics and Robotics and develop intelligent solutions that address real-world automation challenges, advance emerging technologies, and ultimately build a career as a researcher in the emerging field of robotics

EDUCATION

IILM University, Greater Noida, Uttar Pradesh

B.Tech. in Robotics & Artificial Intelligence | 2024 - 2028

CGPA: 8.81/10.0

Dr. B. R. Ambedkar School of Specialized Excellence, Rohini, Delhi

Senior Secondary Education (Class XII) | Delhi Board of School Education | 2024

Score: 507/600 (Physics, Chemistry, Mathematics, Biology)

Modern Child Public School, Nangloi, Delhi

Secondary Education (Class X) | CBSE | 2022

Score: 430/500

RESEARCH PUBLICATIONS

- Published a research paper on Smart Air Cooler in the International Journal of Innovative Research in Technology (Paper ID: 158564)
<https://ijirt.org/article?manuscript=158564>
- Published an article on Smart Air Cooler in Cooling India Magazine, September 2023 edition

ACHIEVEMENTS

- First Place - Pitch Deck Competition, 5G Bootcamp at IIIT Delhi (2025)
- Third Place - Drone Competition, Saviskar Event at CGC Jhanjeri (2024)
- IELTS Overall Band Score: 6.5 (2024)
- Reviewer, IJIRT
- First Place - Intra-School Robotics Competition
- Qualified SOSE Entrance Examination (less than 10% acceptance)
- Qualified Delhi State Level Shooting Championship (2019)

CERTIFICATIONS

- Completed Fluid Mechanics - NPTEL (noc25-ce107)
- Completed course on Critical Thinking, Design Thinking, Leadership & Teamwork - L&T EduTech
- Completed course on IT World Essentials - L&T EduTech
- Completed basics of python programming and data visualization course of minor in data Science and Machine Learning Program by CCE, IIT Mandi (IITMCS_24091570)

TECHNICAL SKILLS

- Robotics and Automation, IoT, Embedded Systems- Arduino, ESP 32
- Drone Technology- Betaflight, Ardupilot
- 3D Modelling, Animation and CAD- Cinema 4D, NX CAD, Blender
- Python, MS Office

PARTICIPATION

- Participated in a 10-hour drone workshop at IILM University
- Member, Kalam Robotics Society, IILM University
- Participated in a two-week 5G bootcamp at IIIT Delhi and a 10-hour drone workshop at IILM University

LANGUAGES

- Hindi (Native)
- English (Professional Working Proficiency)
